

Biographical Information

Dr. Bradley F. Bowden
Technology Manager
High Performance Displays

Brad Bowden is the technology manager for the High Performance Displays group within Corning Glass Technologies. In this role, Brad is responsible for product and process technology development for Corning's Lotus family of glasses.

Brad joined Corning in 2007 as a Glass Scientist and has since worked on a variety of glass product and process developments within Corning Glass Technologies. He is considered a subject-matter expert in Corning's fusion process and the fundamentals of glass structural and stress relaxation. Brad holds nine United States patents related to the manufacturing of specialty glasses.

Brad holds a PhD in Ceramic and Materials Science and Engineering from Rutgers, The State University of New Jersey, and a BSc in Glass Engineering Science from Alfred University. At Rutgers, Brad was awarded the Malcolm G. McLaren and National Defense Science and Engineering Graduate Research Fellowships.
