

Biographical Information

Ikjae Suh

Commercial Director, High Performance Displays

Ikjae Suh is the Commercial Director for the High Performance Displays (HPD) group within Corning Glass Technologies. In this role, Ikjae is responsible for product strategy, pricing, forecasting, competitive intelligence, and customer intelligence for the HPD business.

Ikjae joined Corning in 2005. During his time with Corning, he has driven commercial strategy for multiple divisions. In the Corning Glass Technologies business, Ikjae has served as Commercial Operations Director for Corning Glass Technologies Korea, and has also contributed strategic analysis for the Display Technologies business. Before joining Corning Glass Technologies, Ikjae held commercial roles in the Corning Environmental Technologies division.

Ikjae earned his bachelor's degree from Yonsei University in Korea and holds a Master's of Business Administration from Dartmouth College's Tuck School of Business.

Ikjae resides in Seoul with his family.
