

Axygen® Product Packaging Update

Bringing Science to Life. Sustainably.

Introducing Corning's new Axygen brand packaging design with sustainable intent – a cleaner look that is better for the environment. Updated packaging is available for Axygen brand robotic and handheld tips, microcentrifuge tubes, PCR consumables, storage plates, and liquid handling instruments. All upgraded product packaging is planned to transition by end of 2024.

- ▶ 100% recyclable corrugate
- ▶ 100% recyclable aqueous coating and ink
- ▶ 80% less ink compared to the original design
- ▶ FSC certified*

*Applies to selected products. Learn more at www.fsc.org.

Warranty/Disclaimer: Unless otherwise specified, all products are for research use or general laboratory use only.* Not intended for use in diagnostic or therapeutic procedures. Not for use in humans. These products are not intended to mitigate the presence of microorganisms on surfaces or in the environment, where such organisms can be deleterious to humans or the environment. Corning Life Sciences makes no claims regarding the performance of these products for clinical or diagnostic applications. *For a listing of US medical devices, regulatory classifications or specific information on claims, visit www.corning.com/resources.

Corning's products are not specifically designed and tested for diagnostic testing. Many Corning products, though not specific for diagnostic testing, can be used in the workflow and preparation of the test at the customers discretion. Customers may use these products to support their claims. We cannot make any claims or statements that our products are approved for diagnostic testing either directly or indirectly. The customer is responsible for any testing, validation, and/or regulatory submissions that may be required to support the safety and efficacy of their intended application.
