

Fiber Optic Splicing Tool Kits

A LANscape®
Solutions Product

Corning Cable Systems Tool Kits provide the craftsman with a collection of essential tools required for tasks associated with the installation, termination and maintenance of fiber optic cable. The tools used in the kits are thoughtfully assembled and are stored in high-quality cases, keeping them safe, neat and in proper working order.

Advanced Tool Kit for the Fiber Optic Installation Professional (TKT-FIBERTECH-PRO)

This kit, with a pop-up handle and wheels, was designed by contractors, for contractors. It includes tools for preparing fiber optic cables, splice closures and fiber optic hardware. The kit also includes cable cleaners, a first aid kit, LED head lamp, safety vest, safety glasses and gloves. Contents: LST-000-060

Fusion Splicing Tool Kit (M67-003)

This kit is designed to prepare cables and fiber for fusion splicing. It includes tools and supplies required for cable jacket removal and fusion splicing. Contents: LST-000-016. The kit includes a rugged hard shell case.

Fusion Splicing Consumables Kit (M67-004)

Includes items to replenish the M67-003 Tool Kit. Good for approximately 600 fibers. Contents: LST-000-017

Basic Splicing Tool Kit (TKT-SPLICE)

This kit contains tools necessary to perform end access of buffer tubes to prepare to splice. This is for craftspeople who perform only splicing, not cable prep. Contents: LST-000-165. The kit includes a soft, nylon bag.

Fiber Optic Splicing Tool Kits

A LANscape®
Solutions Product

Flat Drop / Harness Splice Preparation Tool Kit (TKT-FTTX-FLATDROP)

This kit is used to prepare an unterminated end of a harness or flat drop cable for splicing and storage.
Contents: LST-000-057. The kit includes a compact, canvas tool bag.

Combination Ribbon Tool Kit (TKT-RIBBON-COMBO)

Contains tools necessary for working with and splicing ribbon. The unique ribbon splitting tool, universal access tool 3, and ribbonizer are packaged in one convenient kit. Contents: LST-000-174. The kit includes a hard carrying case.

Fiber Organizer Tape Applicator “Ribbonizer” Tool Kit (TKT-026-01A)

The Corning Cable Systems Fiber Organizer Tape Applicator (FOTA) is designed for fast and easy preparation of loose tube optical fibers for mass fusion splicing. With the FOTA's ribbonizing fixture and associated tools, users can prepare approximately 6 in of ribbonized fibers for mass fusion splicing quickly and easily with no messy glues. The FOTA features a reversible fixture that permits preparation of six or 12 fibers, or an optional fixture for four or eight fibers.

Contents: LST-000-083

Ribbon Midspan Tool Kit (TKT-FTTX-RIBBON)

This kit is designed for performing a midspan access of a ribbon cable. This includes opening the ribbon cable jacket, performing a midspan on the central tube (5-24 mm), and splitting a ribbon into smaller ribbons.

Contents: LST-000-058

Fiber Optic Splicing Tool Kits

A LANscape®
Solutions Product

**Loose Tube Cable Midspan Tool Kit
(TKT-FTTX-LT)** | Photo LAN885

Loose Tube Cable Midspan Tool Kit (TKT-FTTX-LT)

This kit contains tools required to perform a midspan access on a loose tube cable, including the opening of a small buffer tube (2.4 - 2.6 mm). Contents: LST-000-056. This kit includes a compact, soft case.

**ERK® Emergency Restoration Tool Kits
(TKT-009 and TKT-009-01)** | Photo LAN1351

ERK® Emergency Restoration Tool Kits (TKT-009 and TKT-009-01)

The ERK® Kits combine the necessary tools for the quick recovery of transmission of a multimode or single-mode fiber optic system. The kits contain jacket removal and fiber preparation tools, an FBC-001 Cleaver (TKT-009-01 only) and CamSplice™ Mechanical Splice tools. Contents: LST-000-021, LST-000-022

CamSplice Mechanical Splice Tool Kit without Cleaver (TKT-100-01)

Includes assembly tool, buffer tube cutting tool, fiber coating stripping tool and other miscellaneous items required for splicing. Kit comes in a compact carrying case. Assembly tool can be ordered separately. Contents: LST-000-050

**CamSplice Mechanical Splice Tool Kit
with Cleaver (TKT-100-02)** | Photo LAN815

CamSplice Mechanical Splice Tool Kit with Cleaver (TKT-100-02)

Same as above TKT-100-01 and includes an FBC-001 Fiber Cleaver. Contents: LST-000-051
