

EDGE™ Tap Module

The Corning logo is a dark blue square with the word "CORNING" in white, uppercase, sans-serif font centered within it.

CORNING

EDGE Tap module for traditional LC duplex systems enables the customer to manage the monitoring access points via the patch cord infrastructure zone at the front of the cabinets. The Edge Tap Module enables passive optical tapping of the network while reducing downtime and link loss, and increasing rack space utilization and density.

Features and Benefits

Designed for Duplex based infrastructure solutions

Utilizes advanced splitter technology

Maintains equal modal power distribution, reducing insertion loss for increased link reach

EDGE Solutions-based footprint

Standards

RoHS	Free of hazardous substances according to RoHS 2011/65/EU
------	---
