

CORNING

Meet Flaska: The Flask That Gets You.

I'm not just a flask.
I'm your lab partner!

Another Day, Another Spill

Why is working
with flasks a three-
handed job?

Sounds like
someone needs
an upgrade.

Flaska, the U-shaped Hero

I'm Flaska – here to
keep you and your
cells happy.

Rounded shoulders

Easier rinsing and
cells scraping

Shorter height

Better incubator
stacking

Wider mouth

No more scrapers or
pipet gymnastics

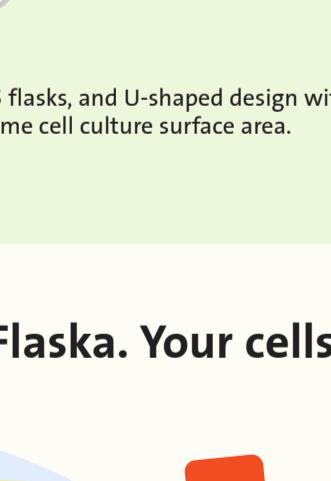

Less Struggle. More Science.

- Large clear viewing surface
- Canted neck for smooth pouring
- One-handed media handling
- Clear graduations
- Easy cap access for removal and tightening

I told you – better
access, better results,
better day!

Flaska's Secret Formula

- Made from virgin USP Class VI polystyrene
- Nonpyrogenic and BSE/TSE-certified
- Sterility Assurance Level (SAL) of 10^{-6}
- Manufactured under cGMP standards
- Available in TC-treated, non-treated, and Corning CellBIND® surfaces

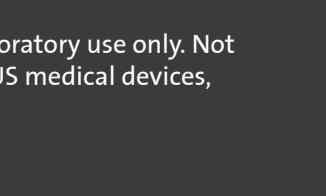

Join the U-Revolution. Level up with Flaska. Your cells will thank you.

Same surface area.
23% less plastic.*
No compromise.

- Sustainable switch = less waste,
more room for your science.
- Stable stacking = fewer flask-towers
in the incubator.

*U-shaped design with 75 cm² uses 23% less plastic than our standard T-75 flasks, and U-shaped design with 150 cm² uses 30% less plastic than our standard T-150 flasks – while keeping the same cell culture surface area.
