

## Corning's Office of STEM

### **2026 Summer Science Research Experience (SSRE)**

June 29 – Aug 14

The SSRE is a 7-week, **unpaid** experience designed for rising high school seniors (11<sup>th</sup> graders) in the Greater Southern Tier, NY region who demonstrate a high interest and competency in science, technology, engineering and math (STEM). The SSRE provides students with the opportunity to enrich their skills through practical application in a real-world setting.

### **Program Features**

Students are selected on the basis of interest and aptitude

Students are matched with mentors based on mutual interest and experience

Students work on a real-world project, onsite

Students assume responsibility for an experimental process

### **Now Accepting Applications!**
