

Biographical Information

Han (Jung-Han) Yim

Business Director, High Performance Displays
Corning Glass Technologies

Han Yim was appointed business director, High Performance Displays (HPD) in November 2018. In this role, Yim has end-to-end responsibility to lead the business to deliver on the revenue, cost, and profit growth anticipated for HPD.

Prior to this role, Yim served as director, division commercial programs for Corning Display Technologies (CDT) since 2016. In this role, Yim was responsible for CDT's top commercial programs, including new composition launch for the oxide segment and joint program initiatives with CDT's strategic customers.

Yim joined CDT in 2003 as a strategic analyst and was appointed manager, strategic analysis and projects in 2005. From 2005 to 2010, he held roles in product line management, product strategy, and program management. During the program management role, he launched Corning® EAGLE XG® Slim.

From 2011 to 2016, Yim served as product line and commercial program manager for Corning® Gorilla® Glass. During this period, he had global responsibility for commercializing and managing the life cycle of multiple Gorilla Glass compositions.

Yim holds an E.E. Bachelor of Science from Yonsei University in Korea and a Master of Business Administration from Carnegie Mellon University.
