

Congratulations on Your New Lab!

CORNING

New Lab Startup Program

Save on thousands of lab supplies with Corning's special offer for new labs.

Offer valid in U.S. only. Customers outside of the U.S., please contact your local Corning Account Manager.

Stock up and save on Corning brands to stack the odds in your favor. Right from the start.

With Corning's New Lab Startup Program, you can save on thousands of lab supplies and benchtop equipment from brands you know and trust – including Corning®, Falcon®, Axygen®, Gosselin,™ and PYREX®.

Corning Life Sciences has the products and technical expertise to help support your lab to optimize your work, reduce variability, and increase your chances for success right from the start. For our full product offering, visit www.corning.com/lifesciences.

▸ CELL CULTURE

CORNING

Whether it's seeding starter cultures or expanding cells for assays, our technical experts understand your

challenges and your increased need for more reliable, convenient cell culture.

Corning provides beginning-to-end solutions to help you achieve cell culture success. Our innovative vessels, advanced surfaces, custom media solutions, and benchtop equipment optimize your cell environment to boost yield, reduce variability, and increase your chances for success right from the start.

▸ BIOPROCESS

CORNING

From cell line development and process development to GMP manufacturing, our vessels provide the necessary platform to

accomplish your goals.

Corning offers bioprocess solutions including single-use adhesion and suspension cell culture products, as well as closed system solutions, custom media, and advanced surfaces, to help you effectively and easily scale up.

▸ DRUG DISCOVERY

CORNING

In drug discovery, we offer beginning-to-end solutions for cell-based and biochemical assay development, high

throughput screening, automation, and label-free technology.

Corning provides a comprehensive line of plasticware, including assay products, as well as the Corning® Epic® Technology platform for label-free detection.

Special Offer for New Labs

Stock your lab with Corning's leading brands, and we'll give you free lab supplies equal to 25% of your total purchase.

To redeem: contact your local Corning Account Manager, indicate which products you have purchased, and redeem your free supplies from any of the qualifying products in our catalogs. Some restrictions apply. See back for details.

LIQUID HANDLING

GENOMICS

CHEMISTRY

FALCON

A Corning Brand

As one of the original lab consumables, the Falcon® brands have been helping life scientists right from the start. Now a Corning

brand, it's still supporting drug discovery as an essential liquid handling brand and is an important part of the industry's most reliable beginning-to-end cell culture solution.

AXYGEN

A Corning Brand

Through continuous new product innovation, Axygen® products bring new standards to sample handling, delivery and storage, improving the way research is done in the laboratory today. Axygen products include a complete range of disposable tips from manual to automated solutions.

The Axygen brand also features PCR storage products and benchtop equipment, such as thermal cyclers and centrifuges.

PYREX

A Corning Brand

Corning has developed special glass for use in both chemical and life science laboratories. Since 1915, PYREX® glassware has been made from Type 1, Class A low expansion borosilicate glass, which has become the accepted standard in chemistry labs across the globe.

Corning also offers a complete line of hot plate stirrers, a chemistry market staple for over 50 years.

GOSELIN

A Corning Brand

For information on Gosselin™ microbiology products, please visit www.corning.com/lifesciences.

Redemption Details – Corning New Lab Startup Program

To redeem, contact your local Corning Account Manager, let them know what products you purchased, and redeem your free products from any of the qualifying supplies in our catalogs. Some restrictions apply. See below.

- ▶ Offer is valid for new labs that have been verified by a Corning representative. Offer is valid for the initial stocking order and up to 2 subsequent orders within 3 months of the original order.
- ▶ Qualifying free goods provided will be your choice of select Corning®, Falcon®, Axygen®, Gosselin™, PYREX®, Costar®, or Corning media products.
- ▶ Free goods exclude HYPERStack® cell culture vessel, HYPERFlask® cell culture vessel, closed systems solutions products, Epic® technology, Transwell® permeable supports, Falcon Multi-Flask, IVF products, ADME/Tox products, Gosselin brands, BioCoat™-coated products, ECMs, cytokines, and media additives.
- ▶ Free product is subject to change or substitution. Free products may ship separately. Please allow 4 to 6 weeks for delivery.

Offer valid in U.S. only. Customers outside of the U.S., please contact your local Corning Account Manager.

Warranty/Disclaimer: Unless otherwise specified, all products are for research use only. Not intended for use in diagnostic or therapeutic procedures. Not for use in humans. Corning Life Sciences makes no claims regarding the performance of these products for clinical or diagnostic applications.

For additional product or technical information, please visit www.corning.com/lifesciences or call 800.492.1110. Customers outside the United States, call +1.978.442.2200 or contact your local Corning sales office listed below.
